Phase 5 Demo

Challenges faced

1. Creating server in node JS
2. Authentication
3. Display respective data to User Dashboard.
4. Phase 4 to Phase 5 Transition

Phase 5 Demo

Creative functionalities

1. Send Reminder To Admin.

2. Admin Approval for Account Active.

3. Export Report as Excel file.

Phase 5 Demo

Improvement

1. Adding Gym as private Service.

2. Adding medical Care.

3. On home page adding chat bot to auto answer questions.

4. Adding SMS alert on every second last day of month to pay the due amount.

Phase 5 Demo

Future Addition to my Portfolio

- **Full stack development in Laravel.**
